Teacher and parent guide | Answers and teaching support

Aussie Primary Academy | Writing Growth

Teaching sequence

Use two sessions: read/discuss/plan (about 20–25 minutes), then write/revise (about 20–30 minutes). Adjust to the learner. Rehearse orally before writing; supply extra paper if needed. Models are teaching examples, not scripts to memorise.

Answers and acceptable alternatives

Correct order: wind/chase, gardener, finding/thanks. Accept meaningful sentence boundaries. Notice A preserves a complete idea.
One possible revision:
Earlier, the wind blew Ben's hat into the garden. He chased it but could not reach it.
The gardener picked up the hat and put it on the bench.
Ben found his hat on the bench. He thanked the gardener.
Other equivalent wording and sensible paragraph grouping are valid.

Support, challenge and coaching

Support: Read each draft section aloud. Number the sections before rewriting. Rehearse each complete sentence.
Challenge: Keep the original facts but add one useful connective or detail. Explain its purpose.
Ask: Where does that idea end? Does the next event follow logically?

Record learning and check transfer

For each page 4 skill, record Not yet / With support / Independently. Give one specific next step and let the child make the change. Record adult prompting or scribing.
Later prompt: A short scrambled story written by the teacher. Hide the model and check whether the target skill transfers. These are classroom practice criteria, not NAPLAN scores.

Curriculum and preparation scope

Supports selected aspects of AC9E3LY06: planning, creating and editing writing, simple paragraphs and language control.
Guided skill practice for NAPLAN preparation; not an official test or score prediction.
