The Dripping Tap

Year 1 | READING

Name: _____ Date: _____ Class: _____

LEARNING INTENTION

Find details, sequence events and explain an inference using text clues.

Shared or independent reading, depending on taught phonics. Adult may read unfamiliar words.

GET READY

Talk about: dripping caretaker repaired

Read a sentence, then ask: What did the text say? For a why question, find a clue and explain how it supports your idea.

READ THE STORY

After lunch, Ben and Zara walk past the school garden.

Drip, drip, drip! Water is falling from a tap.

The tap is shut, but it is still dripping.

Ben wants to turn it harder.

“Let us tell our teacher,” says Zara.

Their teacher asks the caretaker to check it.

The children do not try to fix the tap.

The next day, the caretaker says it is repaired.

Ben and Zara look again. There are no drops.

They smile and go back to class.

The Dripping Tap

Year 1 | READING

FIND IT IN THE STORY

An adult may read questions. Answer aloud, point or write.

1. Where do Ben and Zara notice the tap?

2. What does Ben first want to do?

3. Who checks and repairs the tap?

PUT EVENTS IN ORDER

4. Write 1, 2 and 3 to show the story order.

- [ ] The caretaker repairs the tap.
- [ ] The children hear dripping.
- [ ] Zara suggests telling the teacher.

5. Why do the children smile at the end? Use one clue from the story.

EXIT CHECK

6. What does repaired mean here? Circle: fixed / hidden / painted

MY REVIEW: [ ] I reread. [ ] I found a clue. [ ] I can retell.

The Dripping Tap

ANSWERS AND ACCEPTABLE RESPONSES

1. By the school garden. 2. Turn the tap harder. 3. The caretaker.

4. Listed order: 3, 1, 2. 5. They are pleased that the leak is fixed; the clue is that there are no drops after the repair.

6. Fixed. For Q5, accept any reasonable inference tied to the ending.

READING SUPPORT AND PHONICS

This original narrative is not a controlled decodable passage. Offer shared reading where required and record the support used. The inferential question asks for an explanation, not copying alone. In real situations, children report faults to staff and follow adult directions.

NEXT STEP / TEACHER TIP

Ask the learner to retell the problem, action and result in three spoken sentences.

COMMON MISCONCEPTION

A sensible idea is not automatically supported by the story: ask which words provide the clue.

CURRICULUM CONNECTION

AC9E1LY05 - Building literal and inferred meaning through questioning, sequencing and vocabulary.

Paraphrased connection; this resource practises part of the descriptor, not full coverage.
