

Subtraction within 100

Year 2 Mathematics | ACARA Final APA Version

Name: _____

Date: _____

ACARA v9.0: AC9M2N04 - add and subtract one- and two-digit numbers, representing problems using number sentences.
Supporting: AC9M2N02 - use place value to partition and rename numbers.

Learning Intention

I can subtract two-digit numbers using tens, ones and helpful strategies.

Strategy Box

Break the number you subtract into tens and ones. Take away the tens first, then take away the ones.

$$58 - 23$$

$$58 - 20 = 38$$

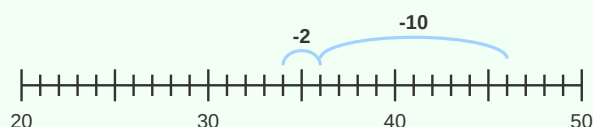

$$38 - 3 = 35$$

Worked Example

$$46 - 12 = ?$$

$$\text{Step 1: } 46 - 10 = 36$$

$$\text{Step 2: } 36 - 2 = 34$$

A. Warm Up

Start strong! Take away tens and ones.

1. $40 - 10 = \underline{\quad}$

2. $58 - 8 = \underline{\quad}$

3. $67 - 20 = \underline{\quad}$

4. $75 - 3 = \underline{\quad}$

Subtraction within 100

Year 2 Mathematics | Build, Think and Explain

Name: _____

Date: _____

ACARA v9.0: AC9M2N04 - add and subtract one- and two-digit numbers, representing problems using number sentences.
Supporting: AC9M2N02 - use place value to partition and rename numbers.

B. Build Your Skills

Great thinking! Now try these on your own. Leave space to show your strategy.

1. $35 - 12 =$ _____

2. $48 - 21 =$ _____

3. $62 - 30 =$ _____

4. $79 - 24 =$ _____

5. $86 - 35 =$ _____

C. Word Problem

Thomas had 64 stickers. He gave 18 stickers to a friend. How many stickers does Thomas have left? Show your strategy.

D. Maths Challenge

Think like a mathematician. Make two different subtraction sums that both equal 42. Explain how you know.

I Can Checklist

- ☐ I can subtract tens and ones.
- ☐ I can show a strategy.
- ☐ I can solve a word problem.

Teacher Feedback

Subtraction within 100 - Answer Key

Year 2 Mathematics | Teacher Notes

Name: _____

Date: _____

ACARA v9.0: AC9M2N04 - add and subtract one- and two-digit numbers, representing problems using number sentences.
Supporting: AC9M2N02 - use place value to partition and rename numbers.

Answer Key

- A. Warm Up: 1) 30. 2) 50. 3) 47. 4) 72.
B. Build Your Skills: 1) 23. 2) 27. 3) 32. 4) 55. 5) 51.
C. Word Problem: $64 - 18 = 46$ stickers. Possible strategy: $64 - 10 = 54$, then $54 - 8 = 46$.
D. Maths Challenge: Answers will vary. Examples: $60 - 18 = 42$ and $50 - 8 = 42$.

Parent/Teacher Tip

Encourage children to explain whether they counted back, used tens and ones, or used addition to check their subtraction.

Extension Idea

Create three subtraction questions with answers between 30 and 60. Swap with a partner and check using addition.
