Australian Curriculum v9.0 Aligned | AC9MFN05

LEARNING INTENTION

I am learning to add to and take away from collections up to 10.

WARM UP — COUNT ON!

Start at the first number and count on to find the total. Write the answer in the big box.

$$4 + 2 = \underline{\quad}$$

$$6 + 3 = \underline{\quad}$$

A — ADD THE GROUPS

Count both groups together. Write the total:

$$000 + 00 = \underline{\quad}$$

$$0000 + 00000 = \underline{\quad}$$

$$0 + 0000000 = \underline{\quad}$$

B — TAKE AWAY

Cross out the objects taken away. Write the answer:

X X X X X X X

$$7 - 3 = \underline{\quad}$$

X X X X X X X X X X

$$10 - 4 = \underline{\quad}$$

C — STORY PROBLEMS

Write the number sentence for each story:

Mia had 6 apples. She got 2 more.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

Ben had 9 stickers. He gave away 5.

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

D — SOLVE IT!

$$\underline{\quad} 3 + 5 = \underline{\quad}$$

$$\underline{\quad} 8 - 2 = \underline{\quad}$$

$$\underline{\quad} 4 + 4 = \underline{\quad}$$

FUN REAL-LIFE ACTIVITY

Kitchen Maths! Put 8 grapes on a plate. Eat 3 — how many left? Add 2 more — how many now? Make up your own story!

STUDENT REFLECTION

[] I can add two groups together

[] I can take away from a group

[] I can write a number sentence

TEACHER FEEDBACK

TIPS

Parent: Use fruit or snacks to act out addition and subtraction stories. Make maths feel real and delicious!

Teacher: Encourage students to use counters to act out story problems before writing the number sentence.
