

Name: _____

Date: _____

Australian Curriculum v9.0 Aligned | AC9MFN01

LEARNING INTENTION

I am learning to name, represent and order numbers from 0 to 20.

WARM UP — LET'S COUNT!

Point to each number and say it aloud. Write the missing numbers in the boxes.

1

3

5

7

A — WRITE THE NUMBER WORD

Write the number word next to each number:

3 = _____

7 = _____

12 = _____

Word bank: seven three twelve

B — WHAT COMES AFTER?

Write the number that comes after:

8 comes before _____

13 comes before _____

19 comes before _____

C — ORDER FROM SMALLEST

Write these numbers from smallest to biggest:

15 3 9 1 18

D — DRAW AND COUNT

Draw dots to show each number in the big box:

Number: 5

Draw your dots here

Number: 12

Draw your dots here

FUN REAL-LIFE ACTIVITY

Collect 20 small objects (buttons, blocks, coins). Lay them out and count together. Put them in groups of 5 — how many groups?

STUDENT REFLECTION

[] I can count to 20

[] I can write numbers to 20

[] I can put numbers in order

TEACHER FEEDBACK

TIPS

Parent: Count together during daily routines — count stairs, fruit in a bowl, or cars in the street!

Teacher: Use a number line on the floor. Ask students to jump to each number and say it aloud.
