

Name: _____

Date: _____

Australian Curriculum v9.0 Aligned | AC9MFSP01

LEARNING INTENTION
I am learning to name, sort and create familiar shapes and find them in the world around me.

WARM UP — SHAPE SPOTTER!
Look around you right now. Can you spot a circle, a square or a triangle? Write what you found.

I can see a _____ shape on the _____

It looks like a _____
because _____

A — NAME THE SHAPE
Write the name: circle, square, triangle or rectangle.

Name: _____

Name: _____

B — SORT THE SHAPES
Write each shape in the correct column:
triangle circle square triangle
circle rectangle

Triangles _____

Squares _____

Circles _____

C — SHAPES IN THE WORLD
Write or draw an object that matches each shape:

Circle
e.g. wheel

Rectangle
e.g. door

Triangle
e.g. roof

D — SHAPE PICTURE!
Use squares, triangles and circles to draw a house, robot or rocket!

I used: _____ squares, _____ triangles,
_____ circles

FUN REAL-LIFE ACTIVITY
Shape Hunt at Home! Find 2 objects for each shape — circle, square, rectangle, triangle. Who can find the most in 5 minutes?

STUDENT REFLECTION

[] I can name common 2D shapes

[] I can sort shapes by their features

[] I can find shapes in the real world

TEACHER FEEDBACK

TIPS

Parent: Go on a shape hunt! Look for circles, squares, rectangles and triangles around your home. Who finds the most?

Teacher: Provide attribute blocks and a sorting mat. Ask: 'How many sides? How many corners?' Students sort and explain.
