COMMON MISCONCEPTIONS

Students often list preferences rather than reasons. Ask 'How or why?' and require an example that supports each reason.

TEACHER CHECK

- ☐ Uses an appropriate Grade 3 ELA strategy.
- ☐ Shows or explains thinking clearly.
- ☐ Checks a response using evidence, a rule, or a second method.
- ☐ Identifies a specific difficulty and useful next practice step.

PARENT / TEACHER TIP

Ask the child to explain how they know, not only state an answer. Have them point to the text evidence or language rule, then revise one response aloud.

NEXT STEP

Revisit the item the child marked difficult. Model one example, solve one together, then ask the child to complete one independently and explain the strategy.
