## Learning Intention

I am learning to name letters and know the most common sound each letter makes.

## Success Criteria

- I can say the sound each letter makes.
- I can match a letter to its sound.
- I can find a letter that makes a given sound.

## Say the Sound, Not the Name

When you see a letter, say its SOUND, not its name.  
The letter 'a' says /a/ like in apple, not "ay".

## Worked Example

What sound does 'b' make?

Answer: /b/ like in ball.

## Part A — Warm Up

Circle the letter that makes the /m/ sound:

**m n s**

True or False: 't' says /t/ like in the word 'top'. \_\_\_\_\_

Write the letter that makes the /a/ sound as in 'apple'. \_\_\_\_\_

## Part B — Core Skills

Write the letter each word starts with: *ball*  
\_\_\_ *cat* \_\_\_ *dog* \_\_\_

Circle the letters that make a hard sound like in 'cat': **c d f**

Write 3 words that start with the /s/ sound.

1. \_\_\_\_\_ 2. \_\_\_\_\_ 3. \_\_\_\_\_

## Part C — Challenge: A Day at the Zoo

*At the zoo, Mia saw a lion, a monkey and a bear.*

Q8. Write the letter and sound that 'lion' starts with.

Q9. Name another animal that starts with the same letter as 'monkey'.

Q10. Mia says 'bear' starts with the same sound as 'ball'. Is she right? Say the first sound of each word to check.

### Answer Key — Part A

A1: m

A2: True — 't' makes the /t/ sound as in 'top'.

A3: a

### Answer Key — Part B

B1: ball → b, cat → c, dog → d.

B2: c, d (accept only these two — 'f' does not make a hard 'cat'-like sound).

B3: Any 3 words starting with /s/ (e.g. sun, sock, snake) — teacher to check.

B4: k

### Answer Key — Part C

C8: 'lion' starts with the letter l, making the /l/ sound.

C9: Any animal starting with m (e.g. mouse, meerkat) — teacher to check.

C10: No — 'bear' starts with the /b/ sound, and 'ball' also starts with the /b/ sound, so Mia is actually right; both words start with the same /b/ sound.
