

Animal Habitats

Year 1 Science | Living Things

Name: _____

Date: _____

ACARA v9.0 Target: AC9S1U01 - Living things have basic needs and live in places that help meet those needs.

Learning Intention

I can match animals to habitats and explain how habitats help animals survive.

Mini Lesson

A habitat is a place where an animal lives. A good habitat gives an animal food, water, shelter and space. Different animals need different homes.

Vocabulary Picture Cards

habitat

ocean

forest

shelter

space

A. Practise

Match each animal to a habitat.

Fish -> ocean

Koala -> gum tree

Lizard -> warm rocks

Frog -> pond

B. Quick Think

Circle the things a habitat can give an animal.

food water shelter pencils space
television

Write: A habitat helps by giving

_____.

Animal Habitats

Year 1 Science | Living Things

Name: _____

Date: _____

ACARA v9.0 Target: AC9S1U01 - Living things have basic needs and live in places that help meet those needs.

C. Sort and Think

Sort the animals into the habitat where they would be safer.

Water Habitat

fish, frog, turtle

Land Habitat

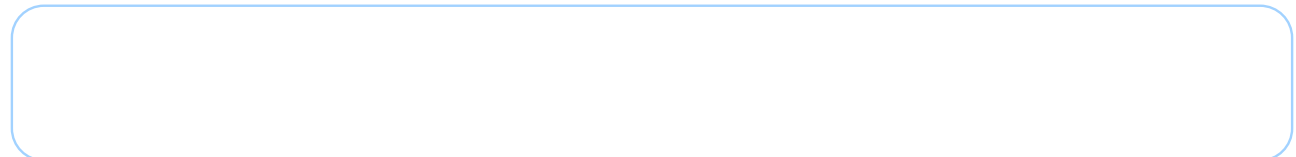

koala, lizard, kangaroo

D. Science Detective

Why would a fish not be safe living on dry grass? Use because in your answer.

E. Draw and Label

Draw an animal in its habitat. Label one thing the habitat gives it.

I Can Checklist

- ☐ I can name habitats.
- ☐ I can match animals.
- ☐ I can explain a habitat.

Animal Habitats - Answer Key

Year 1 Science | Teacher and Parent Support

Name: _____

Date: _____

ACARA v9.0 Target: AC9S1U01 - Living things have basic needs and live in places that help meet those needs.

Answer Key

A: Fish-ocean, Koala-gum tree, Lizard-warm rocks, Frog-pond. Accept other sensible habitats if explained.

B: food, water, shelter and space. Example sentence: A habitat helps by giving shelter.

C: Water Habitat - fish, frog, turtle. Land Habitat - koala, lizard, kangaroo.

D/E: Students should explain that fish need water to breathe and move safely.

Parent/Teacher Tip

Look at an Australian animal picture. Ask: What does this place give the animal?

Extension Idea

Compare two habitats. Which one has water? Which one has shelter?
