

Plants Need to Grow

Year 1 Science | Living Things

Name: _____

Date: _____

ACARA v9.0 Target: AC9S1U01 - Living things have basic needs, including food and water.

Learning Intention

I can identify what plants need to grow and stay healthy.

Mini Lesson

Plants are living things. Most plants need sunlight, water, air, space and soil or another place for roots to grow. We can observe plants over time.

Vocabulary Picture Cards

sunlight

water

soil

air

space

A. Practise

Tick the things a plant needs:

- sunlight ■ shoes
- water ■ air
- soil ■ ice cream
- space

B. Quick Think

Complete the sentences.

A plant needs _____ and _____.

Roots can grow in _____.

A plant is a _____ thing.

Plants Need to Grow

Year 1 Science | Living Things

Name: _____

Date: _____

ACARA v9.0 Target: AC9S1U01 - Living things have basic needs, including food and water.

C. Sort and Think

Sort the words into what helps a plant and what does not help a plant grow.

Helps a Plant

sunlight, water, air, soil, space

Does Not Help

shoes, ice cream, plastic toy

D. Science Detective

What might happen if a plant gets no water for many days? Write one prediction using because.

E. Draw and Label

Draw a healthy plant. Label sunlight, water and soil.

I Can Checklist

- ☐ I can name plant needs.
- ☐ I can sort helpful things.
- ☐ I can make a prediction.

Teacher Feedback

Plants Need to Grow - Answer Key

Year 1 Science | Teacher and Parent Support

Name: _____

Date: _____

ACARA v9.0 Target: AC9S1U01 - Living things have basic needs, including food and water.

Answer Key

A: Tick sunlight, water, air, soil and space.

B: Accept sunlight/water/air/soil/space. Example: A plant needs water and sunlight. Roots can grow in soil. A plant is a living thing.

C: Helps - sunlight, water, air, soil, space. Does Not Help - shoes, ice cream, plastic toy.

D/E: Answers vary. A sensible prediction may say the plant could wilt, become dry or stop growing.

Parent/Teacher Tip

Look at a plant near a window. Ask your child to point to what helps it grow.

Extension Idea

Start a simple plant diary. Draw the plant once a week and note one change.
