LEARNING TARGET

I can apply Grade 4 skills for sentence boundaries and explain my thinking.

KEY STRATEGY + WORKED EXAMPLE

A complete sentence has a subject, predicate, and complete thought. Join or separate clauses with correct punctuation.

A complete sentence expresses a full thought. A fragment is incomplete. A run-on joins complete thoughts incorrectly.

A. TRY TOGETHER - USE THE STRATEGY

1. Identify the worksheet focus: sentence boundaries.
2. Underline the most important words in the model or source.
3. State one rule or reading strategy you will use.
4. Explain how you will check your answer.

B. CORE PRACTICE - SHOW YOUR WORK

5. Use the source text in the worked example.

6. Classify: Because the storm ended.

7. Classify: The storm ended we left.

8. Classify: The storm ended, so we left.

9. Repair the fragment in question 5.

10. Repair the run-on in question 6 two ways.

11. Add a subject: ____ raced downhill.

12. Add a predicate: The silver bicycle ____.

C. INDEPENDENT FLUENCY - CALCULATE AND CHECK

13. Punctuate: Did you hear the thunder

14. Write one accurate example of sentence boundaries.

15. Write one non-example and explain why it fails.

16. Improve one earlier response with more precise vocabulary.

17. Underline the evidence or language feature in your improved response.

18. Write one question a careful reader or writer should ask.

19. Answer that question completely.

20. Check one response for conventions and correct it.

F. STUDENT REVIEW - SHOW WHAT YOU UNDERSTAND

Use your own words so your teacher can see what you understand and what to practise next.

COMMON MISCONCEPTIONS

Watch for answers that name sentence boundaries without evidence or explanation. Ask the student to point to the exact clue, rule, or text detail.

TEACHER CHECK

- ☐ Uses an appropriate Grade 4 ELA strategy.
- ☐ Shows or explains thinking clearly.
- ☐ Checks a response using evidence, a rule, or a second method.
- ☐ Identifies a specific difficulty and useful next practice step.

PARENT / TEACHER TIP

Ask the child to explain how they know, not only state an answer. Have them point to the text evidence or language rule, then revise one response aloud.

NEXT STEP

Revisit the item the child marked difficult. Model one example, solve one together, then ask the child to complete one independently and explain the strategy.
