

Equal Sharing and Grouping

AC9MFN06

Share fairly so each group has the same amount

Name: _____

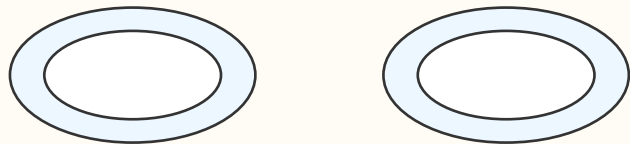

Date: _____

I am learning to...

share objects equally and check that each group has the same number.

1. Share 6 strawberries between 2 plates

Draw one strawberry at a time on each plate. Each plate must have the same number.

Each plate has ____ strawberries.

2. Is the sharing equal?

Look at the two plates. Circle YES or NO.

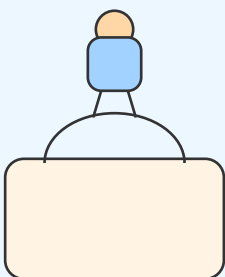

YES / NO

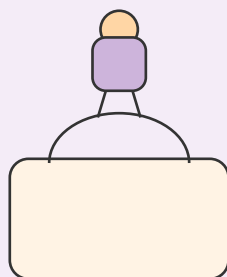

YES / NO

3. Share 8 biscuits between 4 friends

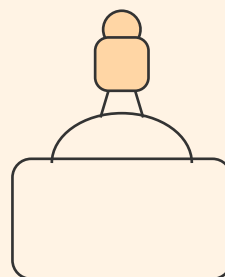

Draw biscuits in the lunchboxes. Give one to each friend, then go around again.

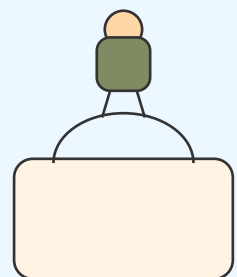

Draw here

Each friend gets ____ biscuits.

Equal Sharing and Grouping

AC9MFN06

Make equal groups and count the groups

Name: _____

Date: _____

Remember

A group has a set number of objects. Circle carefully so no object is left out.

4. Make groups of 2

Circle the stars in groups of 2. Then count the groups.

I made ____ groups.

5. Make groups of 3

Circle the apples in groups of 3. Then count the groups.

I made ____ groups.

6. Count the equal groups

Count the objects in each group. Complete the sentences.

There are ____ groups of 2.

There are ____ groups of 5.

Equal Sharing and Grouping

Answer key and parent/teacher support

Name: _____

Date: _____

Answer key

Page 1

1. 3 strawberries on each plate.
2. First example: YES. Second example: NO.
3. 2 biscuits in each lunchbox; each friend gets 2 biscuits.

Page 2

4. Circle 4 groups of 2 stars. Answer: 4 groups.
5. Circle 3 groups of 3 apples. Answer: 3 groups.
6. First row: 3 groups of 2. Second row: 2 groups of 5.

Quick oral check

- Share 4 counters between 2 people.
- Are 3 and 3 equal shares?
- Make groups of 2 with 6 blocks.
- Can 5 objects be shared equally by 2?

Parent/Teacher Tip

Use real objects such as grapes, blocks or buttons. For sharing, give one object to each person in turn. For grouping, decide the group size first, then circle or move that many objects together.

I can...

- ☐ share objects so each person gets the same.
- ☐ make groups of a given size.
- ☐ check whether shares are equal.
- ☐ count how many equal groups I made.

Support

Start with totals up to 6. Extend by asking what happens when one object is left over.
