## LEARN IT - look, say and notice

Model: A table of contents helps find a section; page numbers locate it. On screen, a button, link or swipe moves to new information.

**Remember: Use each feature for its job rather than reading every page.**

## A. TRY IT TOGETHER

1. Which feature lists sections and pages?

2. What does a heading tell the reader?

3. Choose: swipe or page number for moving on a tablet.

## B. MY PRACTICE
