LEARN IT - look, say and notice

Model: Before reading, predict from clues. During reading, visualise and ask questions. After reading, connect and summarise the most important idea.

Remember: Good readers stop, think, check meaning and change a prediction when evidence changes.

A. TRY IT TOGETHER

1. From the title “The Missing Boot”, predict one event.

2. Visualise: The rain tapped on the tin roof. What do you imagine?

3. Write one question about a character.

B. MY PRACTICE

1. State one text-to-self connection.

2. Find a clue that could support a prediction.

3. Summarise a story in one sentence.

4. Write a literal question.

5. Write an inference using because.

C. I CAN DO IT

Use predict-question-connect-summarise for a short familiar text.

D. USE IT IN A REAL SITUATION

Read: “A trail of wet paw prints crossed the clean floor. The back door stood open.” Predict what happened and give two clues.

E. CHECK AND EXPLAIN

1. When should a reader change a prediction?

2. Why is a summary shorter than a retell?

MY LEARNING REVIEW

☐ I can do it. ☐ I need a little help. ☐ I need more practice.

I found this difficult:

PARENT / CARER TIP

Pause once before, during and after a short book: predict, question, summarise.

COMPLETE ANSWER KEY

Guided	Predictions vary; visual should match detail; question relates to character.
Practice	Responses vary; summary states main idea; inference includes evidence.
Independent	All four strategies used meaningfully.
Application	Likely an animal entered; clues: paw prints and open door.

TEACHER NOTES - what to notice

Success evidence: Uses multiple comprehension strategies to build literal and inferred meaning.

Common difficulty: Guessing without using text or visual evidence.

Next step: Compare an original prediction with the final evidence.
