

Name: _____

Date: _____

Australian Curriculum v9.0 Aligned | AC9SFU01

LEARNING INTENTION
I am learning to group plants and animals based on their external features.

WARM UP — SORT IT OUT!
Look at these living things. Write each one under the correct heading.
dog rose eagle grass ant oak tree

Plants

Animals

A — GROUP BY BODY COVERING
Write each animal under the correct body covering:
cat fish bird snake rabbit turtle

Fur

Feathers

Scales

B — GROUP BY LEGS
Write each animal in the correct group:
dog spider snake bird ant frog

0 legs

4 legs

6+ legs

C — LIVING OR NON-LIVING?
Write L (living) or NL (non-living) in the big box:

A cat _____

A rock _____

A tree _____

D — MY OWN GROUPING
Choose your own rule. Write 2 animals in each group:

My sorting rule: _____

Group 1

Group 2

FUN REAL-LIFE ACTIVITY
Sorting Game! Collect 10 pictures of animals from old magazines or books. Sort them by legs, size, where they live. How many different ways can you sort them?

STUDENT REFLECTION

[] I can sort plants and animals into groups

[] I can explain my sorting rule

[] I know what makes something living

TEACHER FEEDBACK

TIPS

Parent: At the park or garden, look at living things together. Ask: 'Is that living or non-living? How do you know?'

Teacher: Provide picture cards of plants and animals. Students sort by self-chosen rules and explain to a partner.
