

Science Explorers — My Senses — Observing the World

Foundation Science | Science Inquiry Skills

Name: _____

Date: _____

Australian Curriculum v9.0 Aligned | AC9SFIS01

LEARNING INTENTION

I am learning to use my senses to make observations about the world around me.

WARM UP — WAKE UP YOUR SENSES!

Go outside or look around the room. Write one thing for each sense.

I can SEE: _____

I can HEAR: _____

A — MY 5 SENSES

Write the sense organ used for each action:

Word bank: eyes ears nose tongue skin

Smelling a flower: _____

Tasting food: _____

Feeling if it is hot: _____

B — OBSERVATION REPORT

Pick one object. Write what each sense tells you about it:

My object is: _____

It LOOKS: _____

It FEELS: _____

C — SAFE OR UNSAFE SENSES?

Tick SAFE. Cross NOT SAFE:

☐ Smelling flowers in the garden

☐ Tasting an unknown liquid

☐ Listening to music

☐ Staring at the sun

D — SENSE DRAWING

Draw one thing you observed today using each sense:

I SAW...

I HEARD...

FUN REAL-LIFE ACTIVITY

Sensory Walk! Go for a walk and stop every 2 minutes. Write down one thing you can see, hear, smell and feel at each stop!

STUDENT REFLECTION

[] I can name my 5 senses

[] I can use my senses to observe objects

[] I know which senses are safe to use

TEACHER FEEDBACK

TIPS

Parent: Ask your child to describe their food using all 5 senses at dinner time. 'What does it look like? Sound like? Smell like?'
