

AUSSIE PRIMARY ACADEMY

YEAR 4 SPRING SCHOOL HOLIDAY LEARNING PACK

5 DAYS | 15-20 MINUTES A DAY

Inference, paragraph craft and multi-step maths

Keep skills fresh and feel ready for Term 4

Name: _____

Start date: _____

Welcome, grown-ups!

Parent guide + 5-day plan

A calm holiday routine

Complete one short session each day. Read directions together, let your child try, and stop after 20 minutes. Help with reading or materials, but keep the experience encouraging rather than test-like.

Five-day plan

Day 1	Read and respond	Page 3
Day 2	Word work and writing	Pages 4-5
Day 3	Number and operations	Pages 6-7
Day 4	Applied maths	Page 8
Day 5	Challenge and reflect	Page 9

Parent script

"Show me what you notice. Which part can you try? If you get stuck, we will solve one example together."

The Community Garden Map

Noah volunteered to update the map at the community garden. The old map showed four garden beds, but volunteers had added a compost area, a rainwater tank and a winding sensory path. Noah measured the new features, used a key for symbols and checked every label twice. When a family arrived looking for the herb garden, they followed his map without asking for directions. Noah realised that careful details could make a place easier for everyone to use.

Think carefully

1. Why was the old map no longer useful?

2. Name two new features.

3. What evidence shows Noah's map was effective?

4. What lesson did Noah learn?

5. Infer one quality Noah showed and support it.

My response

Draw or explain the detail you found most interesting.

Vocabulary and sentence craft

1. Define sensory using context: _____

2. Replace nice: The garden was nice. -> _____

3. Add a fronted phrase: _____, Noah checked the labels.

4. Join with although: The map was detailed. It was easy to read.

5. Correct: noah measured labelled and checked the map

Use a new word

Choose one word from this page and use it in your own sentence.

Day 2 - Write with purpose

English - Writing

Explain an improvement

Write one organised paragraph explaining an improvement you would make to a local park. Include a topic sentence, two reasons, precise vocabulary and a concluding sentence.

Plan first

My main idea

Important detail 1

Important detail 2

Strong ending

Write

Day 3 - Number confidence

Maths - Number

Place value and patterns

1. Expand 63,405: _____

2. Round 7,648 to the nearest hundred: ____

3. Order: 12,090; 12,900; 10,299; 12,009

4. Continue: 2.5, 3.0, 3.5, __, __

5. Write $\frac{9}{10}$ as a decimal: ____

Show your thinking

Show one answer using a drawing, number line or place-value model.

Day 3 - Operation detective

Maths - Operations

Operations and reasoning

1. $3,475 + 2,689 = \underline{\hspace{2cm}}$

2. $8,000 - 3,746 = \underline{\hspace{2cm}}$

3. $36 \times 7 = \underline{\hspace{2cm}}$

4. $144 \div 12 = \underline{\hspace{2cm}}$

5. Eight trays hold 24 seedlings each. How many seedlings? $\underline{\hspace{2cm}}$

Check a calculation

Choose one answer and check it using a different strategy.

Fractions, measurement and time

1. $\frac{1}{2} + \frac{1}{4} = \underline{\hspace{2cm}}$

2. Equivalent fraction: $\frac{3}{4} = \underline{\hspace{1cm}}/8$

3. Perimeter of a 9 m by 4 m rectangle = $\underline{\hspace{2cm}}$

4. Convert 2.5 m to centimetres: $\underline{\hspace{2cm}}$

5. From 10:45 am to 12:20 pm = $\underline{\hspace{1cm}}$ hours $\underline{\hspace{1cm}}$ minutes

Model one answer

Draw a picture, diagram or model that proves one answer.

Day 5 - Finish strong!

Mixed challenge + reflection

Choose two screen-free challenges

☐ Sketch a map with a title, key and compass direction.

☐ Read for 20 minutes.

☐ Estimate then measure a room length.

☐ Write a five-sentence nature description.

My reflection

- ☐ I kept trying.
- ☐ I checked my work.
- ☐ I explained my thinking.
- ☐ I asked for help when needed.

One success:

One Term 4 goal:

Answers and guidance

Reading: new features were missing; any two listed; the family found the herb garden unaided; careful details improve access; e.g. thorough/responsible with evidence. Words: connected to the senses; precise replacement varies; phrase varies; Although the map was detailed, it was easy to read.; Noah measured, labelled and checked the map. Number: $60,000+3,000+400+5$; 7,600; 10,299,12,009,12,090,12,900; 4.0,4.5; 0.9. Operations: 6,164;4,254;252;12;192. Applied: $\frac{3}{4}$; $\frac{6}{8}$; 26 m; 250 cm; 1 h 35 min.

Writing guidance

Writing answers vary. Check that the response follows the prompt, communicates a clear idea and uses punctuation expected at this year level. Praise one strength before choosing one improvement.

A note for adults

Use mistakes as information. Return to one worked example instead of adding extra pages. The purpose is confidence and continuity, not holiday testing.

Ready for Term 4?

- ☐ Reads directions carefully
- ☐ Uses an appropriate strategy
- ☐ Explains one answer
- ☐ Checks work before finishing
