

Time & Measurement Problems

ACARA V9.0 · AC9M3M03 — Solve practical problems involving duration, including reading timetables

Learning Intention

I can solve problems involving time, length and duration.

Warm-Up

Count in 5-minute jumps.

A movie starts at 3:00pm and runs for 45 minutes. It ends at _____

1. Swimming Lesson

Lesson starts at 9:15am and lasts 30 minutes.

What time does it finish?

.....

2. Bus Trip

A bus trip takes 1 hour 20 minutes, leaving at 8:40am.

What time does it arrive?

.....

3. Garden Bed

A garden bed is 2m 40cm long. Another is 1m 55cm long.

What is their combined length?

.....

4. Recess & Lunch

Recess is 20 minutes and lunch is 40 minutes.

How much break time is there in total?

.....

High Five Self-Check

Colour a star for each problem you solved on your own.

Extension Activity

Create your own daily timetable from wake-up to bedtime, including start and finish times for each activity.

Parent / Teacher Tip

An analogue clock face at home (real or printed) helps far more than a digital display — let your child physically move the hands to answer these problems.

Answers & Marking Guide

Warm-Up

3:45pm

Main Problems

1. **Swimming Lesson:** 9:45am

2. **Bus Trip:** 10:00am

3. **Garden Bed:** 3m 95cm (2m40cm + 1m55cm)

4. **Recess & Lunch:** 60 minutes / 1 hour (20 + 40)

Marking Tip

Watch for the common 60-minute-hour error when children add minutes across the hour mark — this is expected at this stage and worth a gentle re-teach.
