Curriculum Focus

Learning Intention

I can use adjectives and expanded noun phrases to add detail to writing.

Strategy

Read the example first. Say the words aloud, notice the pattern, then try your own sentence or word sort.

Mini Lesson

An adjective describes a noun. An expanded noun phrase gives extra detail before or after the noun. Strong writers add useful detail, not just more words. The detail should help the reader picture the person, place or object clearly.

Vocabulary Helper

adjective - a describing word
noun phrase - a group of words built around a noun
expanded noun phrase - a noun phrase with extra detail
precise detail - detail that helps the reader imagine clearly

Model Example

Plain noun: bird
Expanded noun phrase: the tiny blue bird with silver-tipped wings
Sentence: The tiny blue bird with silver-tipped wings landed on the gum branch.

Quick Practice

Teacher Notes

Focus on whether the student can use adjectives and expanded noun phrases to add detail to writing. Encourage students to explain their thinking and check their work aloud.

Answer Guide / Sample Responses

Answers will vary. Look for adjectives and details that improve meaning. Example: The tall eucalyptus tree with peeling silver bark shaded the quiet path.

Parent Tip - At Home

Ask your child to describe an everyday object using three useful details, such as colour, size and texture.

Teacher Tip - In Class

Display a plain noun, then build the noun phrase together. Students improve one phrase, swap, and add one stronger detail.
