

Cause and Effect

Name:

Date:

ACARA V9.0 — AC9E3LY05: Use comprehension strategies such as connecting and questioning to build literal and inferred meaning about relationships between events.

Learning Intention: I am learning to identify a cause (why something happened) and its effect (what happened as a result).

Key Idea: A **cause** is why something happens. An **effect** is what happens as a result. Words like because, since, so and as a result often signal cause and effect.

Warm-Up: In the sentence "It was cold, so I wore a jacket", what is the cause and what is the effect?

A. Read the Passage

The Class Excursion

On Tuesday morning, dark clouds rolled in and heavy rain began to fall. Because of the storm, the school had to cancel the planned excursion to the zoo. The students were disappointed, but their teacher, Mrs Lopez, had a plan.

Since they couldn't go outside, Mrs Lopez set up a mini indoor zoo using animal masks, fact cards, and a quiz. The classroom filled with laughter as students pretended to be their favourite animals. By the end of the day, many students said the indoor zoo turned out to be even more fun than they expected.

B. Find the Cause and Effect

1. What was the cause of the excursion being cancelled?

.....

2. What was the effect of the storm on the students' day?

.....

C. Signal Words

Circle the cause and effect signal words used in the passage.

It rained heavily → The game was cancelled. Sam studied hard → He passed the test. The sun shone and it rained → The plants grew well (a rainbow could also be inferred).

High Five Stars – Self Assessment

★ I found causes in the text

★ I found effects in the text

★ I spotted signal words

★ I matched causes to effects

Extension Activity

Write your own cause and effect sentence about something that happened to you today, using the word 'because' or 'so'.

Parent/Teacher Tip

During everyday moments, ask 'Why did that happen?' and 'What happened next?' to build cause and effect thinking naturally.

Reflection

Can one cause have more than one effect? Give an example if you can think of one.
