## Learning Intention

I am learning to read decodable sentences using my phonic knowledge and check that they make sense.

## Success Criteria

- I can read a simple decodable sentence.
- I can point to the matching word or picture.
- I can check that a sentence makes sense.

## Read It, Then Check It

Sound out each word in the sentence. When you finish, ask yourself: "Does this make sense?" If not, try reading it again.

## Worked Example

Sentence: The cat sat on the mat.

Sound out: The / cat / sat / on / the / mat.

Does it make sense? Yes!

## Part A — Warm Up

Read: *Sam has a big dog.* Circle the animal word: **Sam big dog**

True or False: 'The dog sat on the sun' makes sense. \_\_\_\_\_

Read: *I can run.* Who can run? \_\_\_\_\_

## Part B — Core Skills

Read: *The pig is in the mud.* Where is the pig? \_\_\_\_\_

Read: *Tom can hop and jump.* Write 2 things Tom can do.

## Part C — Challenge: Ben's Pet Shop Visit

*Ben went to the pet shop. He read this sign: "The pups can nap in the box."*

Q8. Read the sign. Where are the pups napping?

Q9. Write your own decodable sentence about a pet using only CVC words.

Q10. Ben's friend read the sign as "The pups can nap in the fox." Explain why this doesn't make sense, and what the correct word should be.

### Answer Key — Part A

A1: dog

A2: False — a dog cannot sit on the sun; this does not make sense.

A3: I (Sam, or 'I' referring to the speaker) can run.

### Answer Key — Part B

B1: In the mud.

B3: The cat sat on the hat (or 'The cat sat on the mat').

B2: Hop and jump.

B4: Red.

### Answer Key — Part C

C8: In the box.

C9: Any grammatically correct CVC-word sentence (e.g. "The cat can nap.") — teacher to check.

C10: This doesn't make sense because a fox would not usually be a safe or sensible place for pups to nap; the correct word should be 'box', matching the original sign.
