READ THE STORY

Lina and Dad take a picnic to the park.

Dad carries a cool bag with their lunch and an ice brick.

Lina carries two water bottles.

They stop at a picnic table.

The table is in the sun, and Lina feels hot.

“Can we sit near that tree?” she asks.

Dad finds a shady place beside the tree.

They put a mat on the grass and sit down.

Dad gives Lina her lunch.

“This is a better spot,” Lina says.

After eating, they put their rubbish in a bin.

A Picnic Change

Year 1 | TEACHER ANSWERS

ANSWERS AND ACCEPTABLE RESPONSES

1. Two water bottles. 2. The table is in the sun and she feels hot. 3. A mat.

4. Listed order: 3, 1, 2. 5. Sheltered from direct sun.

6. Yes: they change their picnic spot from the sunny table to a shady place. Accept a different judgement only with a coherent text-based explanation.

READING SUPPORT AND PHONICS

This original narrative is not a controlled decodable passage. Pre-teach vocabulary, then separate decoding support from comprehension observations. Shade does not remove all UV exposure; use the school's sun-protection guidance. Do not treat the fictional lunch as a food-safety procedure.

NEXT STEP / TEACHER TIP

Compare the first picnic spot with the second using a spoken because sentence.

COMMON MISCONCEPTION

Shady means sheltered from direct sunlight here; it does not mean completely protected from UV.
