Common misconception: mixing up “afternoon” and “night”. Link each part to a familiar event: lunch box, home time, bedtime.
Support: read every question aloud. Use real pictures or a daily timetable. Let the child act out the day.
Challenge marking: Q9 accept any afternoon event drawn. Q10 accept spoken answers.
Australian Curriculum v9.0: AC9MFM02 (early childhood review): sequence days of the week and times of the day including morning, lunchtime, afternoon and night time, and connect them to familiar events and actions.
