The Seed Swap

Mila carried six sunflower seeds to the neighbourhood seed swap. She traded two seeds for bean seeds and one for a pumpkin seed. At home, Mila labelled three small pots and planted one kind of seed in each. She placed the pots near a bright window and checked the soil each morning.

Think carefully

1. How many sunflower seeds did Mila take?

2. What two new kinds of seed did she receive?

3. Why did Mila label the pots?

4. What does checked the soil suggest Mila will do each morning?
