Name: _____ Date: _____

Learning intention

I can organise factual details into paragraphs with clear purposes.

Learn from this example

Garden Working Bee
On Friday, Year 4 students held a garden working bee beside the school library. They prepared two garden beds with their teachers.

One group removed weeds while another spread mulch. Students labelled the beds so classes could record what they planted later.

The beds are ready for the next planting lesson. The class will check the labels and plan which plants suit the space.

Writing detective

1. What does the first paragraph tell us?
2. Which details belong together in paragraph 2?
3. Does the last paragraph report the result or add an unrelated event?

Notice and explain

Details: collected 30 books / sorted books by age / next swap is Monday.
Which two details belong in an activities paragraph? Explain.

Teaching sequence

Read and discuss the model, plan orally, then draft and revise. Split across sessions and adjust to the learner. Year 2 may write a shorter text or draw before drafting. Supply extra paper when needed. Models are examples, not scripts to memorise.

Answers and acceptable alternatives

The opening identifies when, who, what and where. Paragraph 2 groups the work completed. The final paragraph gives the result and next step. This model is fictional.
Notice task: Collected and sorted books describe the activities. The next swap belongs with future plans. Other coherent structures are possible.

Support, challenge and coaching

Support: Sort detail cards into Opening / Activities / Result before drafting.
Challenge: Add a headline and a caption that contribute information rather than repeat everything.
Ask: What is the job of this paragraph? Does every sentence fit?

Observe learning and check transfer

For each page 4 target skill, record Not yet / With support / Independently. Note adult prompting or scribing. Give one next step and let the child revise.
Later task: Report another school event. Hide the model and check the same skill on a new task. Accept other responses that satisfy the criteria.

Curriculum scope

Supports selected aspects of AC9E4LY06: creating and editing texts appropriate to purpose. This pack focuses on group related information into paragraphs. It does not cover the whole year-level curriculum.
