

Figurative Language — Simile, Metaphor, Personification

Name: _____

Date: _____

LEARNING INTENTION

I am learning to identify and use figurative language — simile, metaphor and personification — to create vivid imagery in my writing.

KEY IDEA

A **SIMILE** compares two things using 'like' or 'as' (brave as a lion). A **METAPHOR** says something **IS** something else (he is a lion in battle). **PERSONIFICATION** gives human qualities to non-human things (the wind whispered). All three create powerful images in the reader's mind.

WARM UP — QUICK CHECK!

Write the figurative language device used in each:

'The stars danced in the sky.'

'Her voice was like velvet.'

'Life is a rollercoaster.'

'She ran as fast as lightning.'

Write **SIMILE**, **METAPHOR**, or **PERSONIFICATION** for each:

2. 'He has a heart of stone — nothing moves him.'
3. 'The old house groaned and shuddered in the wind.'
4. 'The city is a jungle full of hidden dangers.'

B — CREATE YOUR OWN SIMILES

Complete each simile with your own creative and original comparison:

1. As brave as
2. As quiet as
3. The storm arrived like
4. Her kindness was as warm as

C — WRITE ORIGINAL METAPHORS

Write 3 original metaphors — each describing a different person's character:

Example: She is a ray of sunshine — she brightens every room she enters.

D — PERSONIFY YOUR WORLD

Choose one object from nature (the wind, the ocean, a thunderstorm, the moon, a volcano). Write 3 sentences giving it human qualities:

My chosen object:

EXTENSION / CHALLENGE

Find 3 examples of figurative language in a poem or story. Write each example, identify whether it is a simile, metaphor or personification, and explain the image or feeling it creates for the reader.

PARENT TIP

Play 'finish the simile' in the car or at dinner: 'As cold as...', 'As brave as...', 'As busy as...'. Try to come up with original comparisons, not common clichés. This builds creative language!

TEACHER TIP

Use mentor texts (picture books, poems, novels) that are rich in figurative language. Students hunt for examples, classify them and discuss the effect each creates on the reader.

STUDENT REFLECTION

- [] I can identify similes, metaphors and personification in texts
- [] I can write my own original similes and metaphors
- [] I can use personification to bring objects and nature to life in my writing
