ACARA V9.0 — AC9E5LY06: Plan, create and edit persuasive texts using language features and devices that meet the purpose of the text.

Learning Intention: I am learning to identify and use persuasive devices such as rhetorical questions, emotive language and repetition to strengthen my argument.**Key Idea:** Persuasive devices include **rhetorical questions** (questions with an obvious answer), **emotive language** (words that create feelings), **repetition**, and **facts/statistics** to build a convincing case.**Warm-Up:** Circle the rhetorical question: Do you really want to live on a polluted planet? What time is the bus?

A. Identify the Device

Label each sentence with the device used: rhetorical question, emotive language, repetition, or statistic.

1. "Studies show 80% of plastic ends up in our oceans."
2. "Innocent animals suffer every single day."
3. "Never again should we ignore this crisis. Never again."

B. Write a Rhetorical Question

Write a rhetorical question to persuade someone to recycle more.

.....

C. Emotive Word Swap

Replace each plain word with a more emotive one.

1. bad →
2. sad →
3. big problem →

D. Persuasive Paragraph

Write a persuasive paragraph about a topic of your choice. Use at least 2 different persuasive devices from Section A.
