

AUSSIE PRIMARY ACADEMY

YEAR 6 SPRING SCHOOL HOLIDAY LEARNING PACK

5 DAYS | 15-20 MINUTES A DAY

Critical literacy, precise argument and applied mathematics

Keep skills fresh and feel ready for Term 4

Name: _____

Start date: _____

Original resource | Australian English | Low-pressure holiday practice

Not an official ACARA or NAPLAN publication

Welcome, grown-ups!

Parent guide + 5-day plan

A calm holiday routine

Complete one short session each day. Read directions together, let your child try, and stop after 20 minutes. Help with reading or materials, but keep the experience encouraging rather than test-like.

Five-day plan

Day 1	Read and respond	Page 3
Day 2	Word work and writing	Pages 4-5
Day 3	Number and operations	Pages 6-7
Day 4	Applied maths	Page 8
Day 5	Challenge and reflect	Page 9

Parent script

"Show me what you notice. Which part can you try? If you get stuck, we will solve one example together."

Should the Creek Track Close After Heavy Rain?

After several days of heavy rain, the council temporarily closed a popular creek-side track. Some residents argued that the closure was unnecessary because the water had already begun to fall. Environmental volunteers supported the decision. They explained that saturated soil erodes easily and that walkers could disturb nesting waterbirds seeking shelter. The council published rainfall data, photographs and a review date. Although the closure disappointed weekend visitors, the evidence showed that a short restriction could prevent longer-lasting damage.

Think carefully

1. Summarise the disagreement in one sentence.

2. Give two environmental reasons for closure.

3. Why did the council publish data, photographs and a review date?

4. Explain the contrast in the final sentence.

5. Which position is better supported? Refer to evidence.

My response

Draw or explain the detail you found most interesting.

Precision, cohesion and editing

1. Define saturated in context: _____

2. Replace bad damage with a precise phrase: _____

3. Add a cohesive link: The water was falling. _____, the soil remained unstable.

4. Change to formal language: Lots of people were annoyed.

5. Edit: residents opinions changed after they seen the councils evidence

Use a new word

Choose one word from this page and use it in your own sentence.

Day 2 - Write with purpose

English - Writing

Evidence-based position

Write a structured response: Should natural areas close temporarily after extreme weather? State a position, acknowledge a counterargument, use two reasons and finish with a measured conclusion.

Plan first

My main idea

Important detail 1

Important detail 2

Strong ending

Write

Day 3 - Number confidence

Maths - Number

Fractions, decimals and percentages

1. Convert $\frac{3}{5}$ to a decimal and percentage: __, __

2. Order: 62%, 0.6, $\frac{5}{8}$, 0.59

3. Find 15% of 240: __

4. Simplify $\frac{42}{56}$: __

5. Increase 80 by 25%: __

Show your thinking

Show one answer using a drawing, number line or place-value model.

Day 3 - Operation detective

Maths - Operations

Order and unknown values

1. $18 + 6 \times 4 = \underline{\quad}$

2. $(18 + 6) \times 4 = \underline{\quad}$

3. $3.75 + 8.406 = \underline{\quad}$

4. $45.6 \div 1.2 = \underline{\quad}$

5. Solve: $7n + 9 = 58$. $n = \underline{\quad}$

Check a calculation

Choose one answer and check it using a different strategy.

Rates, conversions and data

1. Convert 2.4 km to metres: __

2. A 12 km walk takes 3 hours. Average speed: __ km/h

3. Scale 1 cm : 5 km. What does 7.5 cm represent? __

4. Mean of 12, 18, 15, 21 and 14 = __

5. A \$120 jacket has 30% off. Sale price: \$__

Model one answer

Draw a picture, diagram or model that proves one answer.

Day 5 - Finish strong!

Mixed challenge + reflection

Choose two screen-free challenges

☐ Compare two weather reports and note one difference.

☐ Read for 30 minutes.

☐ Write a claim, counterclaim and rebuttal.

☐ Design a safety sign using fewer than 20 words.

My reflection

- ☐ I kept trying.
- ☐ I checked my work.
- ☐ I explained my thinking.
- ☐ I asked for help when needed.

One success:

One Term 4 goal:

Answers and guidance

Reading: residents questioned closure while volunteers supported it; erosion and disturbance to nesting birds; to make the decision transparent and time-bound; short inconvenience may prevent long damage; closure is better supported by environmental evidence. Words: completely soaked; e.g. severe erosion/ecological harm; however/nevertheless; Many residents expressed concern.; Residents' opinions changed after they saw the council's evidence.

Number: 0.6, 60%; 0.59, 0.6, 62%, 5/8; 36; 3/4; 100. Operations: 42; 96; 12.156; 38; 7. Applied: 2,400 m; 4 km/h; 37.5 km; 16; \$84.

Writing guidance

Writing answers vary. Check that the response follows the prompt, communicates a clear idea and uses punctuation expected at this year level. Praise one strength before choosing one improvement.

A note for adults

Use mistakes as information. Return to one worked example instead of adding extra pages. The purpose is confidence and continuity, not holiday testing.

Ready for Term 4?

- ☐ Reads directions carefully
- ☐ Uses an appropriate strategy
- ☐ Explains one answer
- ☐ Checks work before finishing
